**CLARIFICATIONS ON THE TENDER FOR TO DESIGN, SUPPLY, TRASPOT AND
INSTALLATION OF 40FT FABRICATED CONTAINERS N KISII AND TURKANA
COUNTIES FOR THE YOUTH**

Q. We would like to get some clarity on clause 1.5.9, concerning pre bid conference, the date of the site visit

A. There was no set commitment to the prebidding meeting, it was all voluntary at bidders own time.

Q. Is it possible for you to provide us with a site lay out map so that we may be able to plan for the orientation of the containers as well as positioning the waste water system including the bio-digester? The contoured site layout map will assist us in determining whether any leveling works are necessary.

A. This is not possible at this point. We would like you to use your professional experience to plan based on the number of rooms and number of people to be contained in the different rooms as described in the concept note

Q. How far are the electricity mains from the proposed development area to enable us quote realistically for supply and installation of electricity?

A. The location is within the government offices that are already connected.

Q. How far are the water mains from the proposed development to enable us give a realistic quote,

A. The location is within the government offices that are already connected.

Q. The scope of works mentions the establishment of a recreational and waiting bay capable of holding 10 to 15 persons floored with non-skid tiles yet the same has not been included in the BOQ.

A. Please include the waiting bay in your quotation. You should propose the BOQ for the same in the technical proposal

Q. Item 7 talks of air conditioning for 6 containers whilst the quantity in item 7.1 is one, please clarify,

A. The activity is fabrication and supply of three (3) 40ft containers in two (2) sites i.e. Lodwar and Kisii. This means that the total number of containers are six (6).

Q. Item 9.1 the BOQ quantity is 1 yet the total number of containers are 6, please clarify.

A. Use the BOQ to extrapolate to the rest of the containers.

Q. The quantities in Item 9.2 and 9.3 should read 2 and not 6.

A. The BOQ is per containers. There are six (6) containers in total.
